Course Information

COURSE INFORMATION DOCUMENT

Accredited Permaculture Training (APT)

SEED is offering Accredited Permaculture Training focused on developing Permaculture professionals with applied Permaculture design, implementation and facilitation experience.

Our approach combines Permaculture skills and design techniques, on-ground application and the latest in participatory facilitation methodology.

ACCREDITED PERMACULTURE TRAINING

This 15-day, full time course is relevant for anyone interested in Environmental Education (teachers, agricultural extension officers, biodiversity conservation officers, community workers). This training focuses on developing Permaculture professionals through applying Permaculture principles and practices to the sustainability challenges facing society today.

Whether you are grafting Permaculture skills onto an existing career, re-starting your working life or starting fresh, our course offers the foundation skills to work as a sustainability professional in a meaningful career in a rapidly growing field.
